

SHALL WE KNIT?

We had a great time with our Knit in Public rain date on June 23rd - despite the rain! We had a wonderful turnout for both the knit in public as well as the customer run yard sale.

Unfortunately we had a few people that couldn't make the date so that pushed us over the edge to book another one. So Saturday, August 4th we are doing another knit in public and yard sale for our Anniversary. Luckily we decided this before the tents made it to the far end of the basement. They can just live in the garage until then (thank you to my wonderful landlord!).

So mark the August long weekend on your calendar and if you aren't away please join us.

Shall We...Squirrel!!!

If you're like most of us, you can be easily distracted by a new yarn. We do joke around the shop about the shiny string distraction...Squirrel!

Once a month starting July we are going to have a small limited quantity of something we don't normally carry in the shop for sale. This might be a custom dyed yarn, or a new knitting accessory or...who knows what we might find to play with. We will post pictures (on Instagram, Twitter & Facebook) of the item on the first Thursday of the month and it will go on sale when the shop opens the first Friday of the month. There will be no advance peaking, info or holds.

Sound like fun?

Colour blending KAL (knit-a-long)

I've just finished my 2nd Charlotte or 3rd shawl using same method. Charlotte's Web

was designed by Maie Landra of Koigu 12 years ago and was one of the first shawls merging or fading colours.. I know our customers love the shawl but are sometimes afraid of playing with that many colours and the best way to work them together. So we decided to do a KAL!

You can do a Charlotte's Web or a Fading Point by Joji or any other project that you want to play with fading colours. We will meet regularly over the Summer to share what we learn together. This isn't a class (but if there are enough interested in any topics we can make a class) - this is just an encouraging session to make our own individual pieces of art using as many colours as makes us happy.

We will meet alternate Saturday mornings at 9:30 on the Porch starting on Saturday, July 7th.

We even have kits made if you don't want the stress of choosing colours. Going to join us?

Anniversary Knit in Public and Yard Sale

Saturday, August 4th - **NEW DATE**

10:00 - 3:00

Join us on Saturday, August 4th from 10 - 3 to celebrate our Anniversary with a Knit in Public event & yard sale. Bring along your knitting or crochet or spinning or whatever fibre project you are working on. Invite a friend, bring a lunch and your lawn chairs and lets just hang out for the day.

We will again be setting up a table for sock yarn swap - bring some yarn - take some yarn. This is great for when you just need some contrast small quantities.

Is your stash getting a little out of hand? Want to sell it to like minded people? For \$5 you can book 1/2 of a table or \$10 for a full table (all spaces rentals will be going to Learning for Humanity).

**This is for fibre related things only - yarn, needles, knit books, fabric...

Do you know about our **Sales Closet?**
It's actually a full room not just a closet that is only open one week a month - generally the 3rd week of the month but the dates are always on the calendar on our website if you want to verify.

This is where we send discontinued yarns, end of lines, or sometimes just moving out a yarn to make room for a new one in the shop. They are all heavily reduced and are final sale. Just a reminder - the Closet is only open that one week - if you call the following week and need just one more ball it won't happen until the following Closet date next month. We will take a note of what you are looking for and let you know if there is anymore when we have a chance, so you know if you can carry on knitting your project.

Upcoming dates
July 17th - 21st
August 14th - 18th

Guided Project Class

Every Tuesday 11:30 - 12:30

The popular guided project class is perfect when you need help but can't wait for a special class and you need more than we can help with over the counter. This is dedicated time when you can sign up ahead of time, come with whatever project you are working on, and get help. You can pick a single project and get help with it each week along the way, or you are welcome to bring a new problem to each class and get help with something new each time. Guided Project class is a book as you go - you pay \$10 for an hour of guided time.
