11 Willow St.  
Waterloo

[www.shallweknit.ca](http://www.shallweknit.ca)

Fall is in the air! The windows are open and I have actually pulled my jacket out for morning walks with Teddy. So that means that the KW Knitters Fair is right around the corner!!! I hope you will be joining us again on Saturday, September 14<sup>th</sup> at the Aud.

<https://www.kwknittersguild.ca/fair/>

We are very excited about some of the things we have planned for this year's fair.

**Shibui!** We will have the newest addition to the Shibui line as well as most of their other yarns AND a trunk show of their newest designs. Stop by and fondle and maybe try on a sample or two. They will be in the shop for the week as well. (By the way - did you know that most of our samples are for trying on? Just ask us for help and we are happy to undress the dummies)

**Holst!** Holst is the newest addition to our yarn family. Holst comes from Denmark and is amazing and an amazing price. We have it in 3 light fingering bases (Coast, Tide & Noble) and if you knit it double you get a DK tension. And they do little colour packs - so scrumptious you just want to eat them!

And then put Shibui and Holst together and you can make some amazing custom yarns. Lynne has been the instigator behind the Holst line - she is all about blending yarns and fibres and has even created a new class that does just that - The Playground coming Sept. 18<sup>th</sup> and regularly after that.

**SPECIAL ANNOUNCEMENT!** We have just had a couple of cancellations for our **Bristol Ivy** knitting retreat September 27<sup>th</sup> - 29<sup>th</sup>. A couple people are very sad that they won't be able to make it to this exciting weekend but that means that a couple of fortunate people are going to be able to join us.

We have one single room available as well as ½ of a shared room available. If you are interested, please call the shop and we can talk options. Or check out the website for all the info

Join us for a fun weekend away, surrounded by fellow knitters who share the same joy in stitching, in a peaceful and luxurious environment. No cooking, no chores, no children - just a couple of days of stimulating classes, excellent meals, optional spa treatments, a pop-up shop filled with goodies (and exclusives!), and fun in good company.

## **The Plyground with Lynne**

Wednesday, Sept. 18th 6:30 - 8:30

\$20 with included light refreshment

Suitable for any level knitters

We're pleased to announce a new, regular offering coming to Shall We Knit? called "The Plyground", a series of events where stitchers get to enjoy yarn-tasting playtime.

At each Plyground session you'll get to sample several yarns, and then explore the possibilities offered by those yarns held together. By using yarns held together, we get to borrow the properties of each strand, and build fabric that offers all the benefits of each yarn alone. These "additive" yarns also allow us to make a denser fabric, use a larger needle, and sometimes accomplish projects a bit faster than with fine yarns alone. In essence, you get the chance to build your own custom yarn.

There's no homework needed, and an easy skill-set: you need to be able to cast-on, and knit and purl comfortably. The Plyground is a great sociable event where we play and talk about that thing we all love: yarn.

The yarns featured at each event will be announced a week or so prior, and we'll have accessory and garment suggestions to offer as part of our Plytime. Attendees will also get a special 15% discount to be used the night of the event (some restrictions apply), and there will occasionally be prize draws or other yarn-y treats.

There will only be 8 spots at each event, so sign up soon! This evening will feature a new line of yarns, perfect for garments, that we will be stocking starting this Fall.

\$35 The cowl pattern "Opportunity Straightforward" by Kate Atherley is included in the price of the class.

Brioche knitting produces a beautiful lofty, cushy, double layer of fabric that is reversible. The stitch is surprisingly easy yet intriguing to knit - it's rhythmic, but with just enough going on to keep it interesting.

In this class we'll learn how to work two colour brioche while making a cowl. We'll cover brioche knit ("bark") and brioche purl ("burp") stitches, how to read brioche patterns, and how to work with two colours. We'll also go over some important tips for keeping your knitting sorted out and on track.

### **Basic Fingerless Mitts with Lynne**

Saturday, Sept. 28th & October 5th 10:30 - 12:30

\$55 INCLUDES PATTERN

\*\*\*this class will be making the fingerless mitts

Mitts are one of those great projects that knit up quickly enough to make great gifts out of a small amount of yarn.

In this class we will knit a baby-sized mitten in worsted weight wool, to learn all the parts of mitten anatomy with less knitting than an adult mitten. (Students will also receive a pattern for ladies' mittens and are guided to make an adult mitten as homework.)

Techniques taught will include casting on and knitting in the round (using either dpns or two circulars), gusset shaping, picking up a thumb, and proper cast off.

Students must be able to knit and purl independently, to distinguish knit and purl stitches in their fabric, and should have some familiarity with basic knitting terms

### **Bag-Along with Beth & Erin**

Wednesday, Oct. 2nd 10:30 - 12:30 \$25

Help reduce single use plastic at the grocery store and market by knitting or crocheting your own reusable produce bags. These bags are ultra-light weight, have handles for tying, and are stretchy enough to fit a surprisingly large amount of produce. Stitch up one or two, or a whole dozen - they make great gifts too!

This class will include a knit and a crochet version so you can stitch along on whichever craft you're comfortable with, or both if you're multi-crafty!

Requirements: Comfortable knitting OR crocheting in the round.

### **Fixing Your Mistakes! A KnitHow Class with Lynne Sosnowski**

Thursday, Oct. 3rd 6:30 - 8:30 \$30

There's nothing under earth and sky that will keep us from making mistakes, it's just part of human nature. But when it comes to knitting, there are lots of things we can do to prevent mistakes in the first place and then other tricks we can use to keep small mistakes from becoming big disasters.

This KnitHow class starts with learning how to read your knit fabric - we first brush up on how stitches should look and line up so we can prevent a mistake as we're knitting. We then look at pattern reading and understanding, so we can know what we're meant to do before we do it. We have lots of strategies to explore to help us stay on pattern. We will practice counting stitches and rows and get a working understanding of gauge.

Once we've done some actual knitting (please see homework requirements below), we will look at diagnosing our mistake, and we will talk about cosmetic versus structural remedies. Then we will work our way through fixes for the most common mistakes including dropped stitch, slipped stitch, twisted stitch, accidental hole, split yarn, purl instead of knit and vice-versa.

We will continue with "disaster management", including learning how to unknit small amounts as well as when and how to rip out sections of a piece.

### **No-Pattern Custom Fit Hats with Kate Atherley**

Saturday, Oct. 5th 9:30 - 12:30 \$60

Make a hat for any head, with any yarn in your stash. We'll teach you how to work a top-down hat to fit any head, without a swatch! We'll show you how to customize the style and fit - work to the length you want, make it slouchy or fitted, fold-over cuff or beanie-style, add custom ribbings and cuff patterns, work with different colours. Whether you want to make a quick gift or use up your stash, or free yourself from patterns, this class will make you a better and more powerful hat knitter.

\*\*Suitable for knitters who have experience working in the round.

### **Into to Top Down Seamless Knitting with Kate**

Saturday, Oct. 5th 1:30 - 4:30 \$60

The top-down one-piece garment construction is very popular, particularly for babies' and kids' garments. This class takes you through the process of working a complete mini-sweater project, building all the skills and techniques you need to successfully work any such design, whether for kids or adults. A baby-sized sweater pattern is included in the class.

\*\*beginner: knitters need to be able to cast on, knit and bind off, no garment experience required; also suitable for more experienced knitters who have never tackled this type of pattern before

### Next Steps in Brioche with Kate Atherley

Sunday, Oct. 6th 9:30 - 12:30 \$60

skill level: intermediate

For knitters with a little **bit of experience** with Brioche knitting, this class will get you started on more complex patterns, starting with Kate's "Omnishambles" patterned brioche scarf.

The session focuses on building skills and confidence with the technique. We'll talk about working increase and decreases, tidy edges, and fixing mistakes. Along the way we'll share a few tips for making the process easier and more fun.

### Where does this end? with Janelle Martin

Saturday, Oct 26th 1:30 - 3:30 \$25

You've knit the sweater pieces and sewn it together but now what? We have many different edge treatment options that allow us to customize our sweater. This class focuses on the edges of our sweater to finish them - edge treatments, sweater bands and collars. The presentation explains choices that need to be made during the planning of your sweater and those which can be delayed. Student will have the opportunity to practice picking up stitches and work several types of applied edgings. In order to be able to participate, there is a small amount of homework involved prior to class.

Quick-to-knit, these little decorations provide an excellent way to learn colourwork techniques, use up leftovers, and dip your toe into design. We'll provide patterns and also templates and ideas for designing your own. If you have a particular colorwork pattern you love, bring it to class and I'll show you how to adapt it and incorporate it into your one-of-a-kind design.
